Time Management  
Teamwork Problem Solving

## Achievements

sql skill certificate   
hackerrank

## Certifications

full stack   
udemy

# Akash Gupta

## Full Stack Web Developer

## Professional Summary

Dynamic Full Stack Web Developer with advanced skills in MERN Stack, including MongoDB, Express.js, React, and Node.js. Adept at leveraging Generative AI to enhance development efficiency and swiftly learning new tech stacks. Strong problem-solving skills and effective communication contribute to seamless collaboration in team projects.

## Projects

### ProManagement [Live Demo Link](#) [Github Repo Link](#)

Redux React MongoDB Node.js JavaScript

- Developed a task management application using React, Node.js, Express, and MongoDB.
- Implemented user authentication for login and signup.
- Created dynamic task lists where users can add tasks, set priorities, and move tasks across stages with an intuitive UI.

### Liberty Coders [Live Demo Link](#) [Github Repo Link](#)

JavaScript HTML5 CSS3

- Developed a template-based web application that allows easy code integration.
- Created responsive UI components using HTML, CSS, and JavaScript.
- Provided detailed documentation and blog features for user guidance.

### Data Dashers\_022` [Live Demo Link](#) [Github Repo Link](#)

JavaScript HTML5 CSS3

- Collaborated with a team to design and implement a collaborative whiteboard application using JavaScript for interactive features.
- Developed front-end components utilizing HTML5 and CSS3 to create an intuitive and user-friendly interface.
- Integrated Firebase for real-time data storage and user authentication, ensuring seamless collaboration and user management.
- Implemented essential drawing tools including pen, eraser, and sticky notes to enhance user interaction.
- Worked closely with team members to ensure the application met project requirements and was scalable and functional.
